Catch me if you can u10 dribbling drill

Purpose:

The purpose of this dribbling drill is to promote close control and quick changes of direction while under pressure from a defender.

Set up:

create a 5x5-yard box
1 soccer ball per player

Instructions:

Divide your players into pairs with a soccer ball and stand them on opposite corners with a soccer ball each.

The players will start at the same time and must catch each other while staying on the outside of the square, if they manage to over-take their partner or tag them they will receive one point.

They must either dribble clockwise or anti-clockwise state this before you start the drill.

When the players are dribbling anti-clockwise encourage them to use their left foot and when they are dribbling clockwise encourage them to use their right foot.

You can also include instructions to change direction too.

Coaching points:

Small touches when going around corners
Bigger touch and accelerate when coming out of corners
Keep your head up.

Questions that can lead to coaching points:

When do we need to have close control of the soccer ball?
When is a good time to speed up?
Where should I be Looking?

Progressions:

Move around the square while performing boxes, toe taps, or, the soles of the feet.
1 player becomes a tagger without a soccer ball and must tag the player with the ball, players can travel in any direction around the square.

[Click here for the video](#)
1 defender 3 gates u10 dribbling drill

Purpose:

This is used to help improve players' ability to get past a defender, using skills, body position, and changes of speed and direction.

It will also help players process decisions quicker and execute them effectively

set up:

- Create a 10x15 yards area
- 3 gates made up of cones
- 1 goal
- 1 ball per 2 players

Instructions:

Set the gates up in the corners and in the middle of the 10-yard line then set up a goal in the middle of the opposite 10-yard line.

The defender will start with a soccer ball at the end with the 3 gates and pass the ball to the attacker.

The attacker has to try and dribble through either of the gates and if they do this they will get 3 points, if they can just dribble past the line without going through a gate they will get 1 point.

If the defender wins the soccer ball they can score the goal and get 1 point.

Coaching points:

- Use a skill or your body shape to convince the defender to go in one direction
- Accelerate into space when you see an opening
- Beware of where the space is to dribble into

Questions:

- How can I make the defender think we are going in one direction?
- What should I do when I see an opening to dribble into?
- How do I know where the space is?

Progressions:

- Make the area smaller

[Click here for the video](#)

Back to goal u10 dribbling drill

Purpose:

This is to improve a player's 1v1 ability when the pressure is behind them instead of in front of them, this kind of pressure often gets ignored as coaches will often only focus on dribbling sessions where the player is in front of them.

Set up:

create a 15x20-yard area
a cone to mark the middle
1 ball per 2 players

Instructions:

Get your players into pairs with one being the attacker and the other being the defender.

Both players will start in the middle facing the same way with the defender behind the attacker and the attacker with the ball.

The attacker must try and dribble past the line that they have their back to, if they do this they will get 3 points.

If the defender manages to win the ball and dribble past the opposite line then they get 1 point.

Coaching Points:

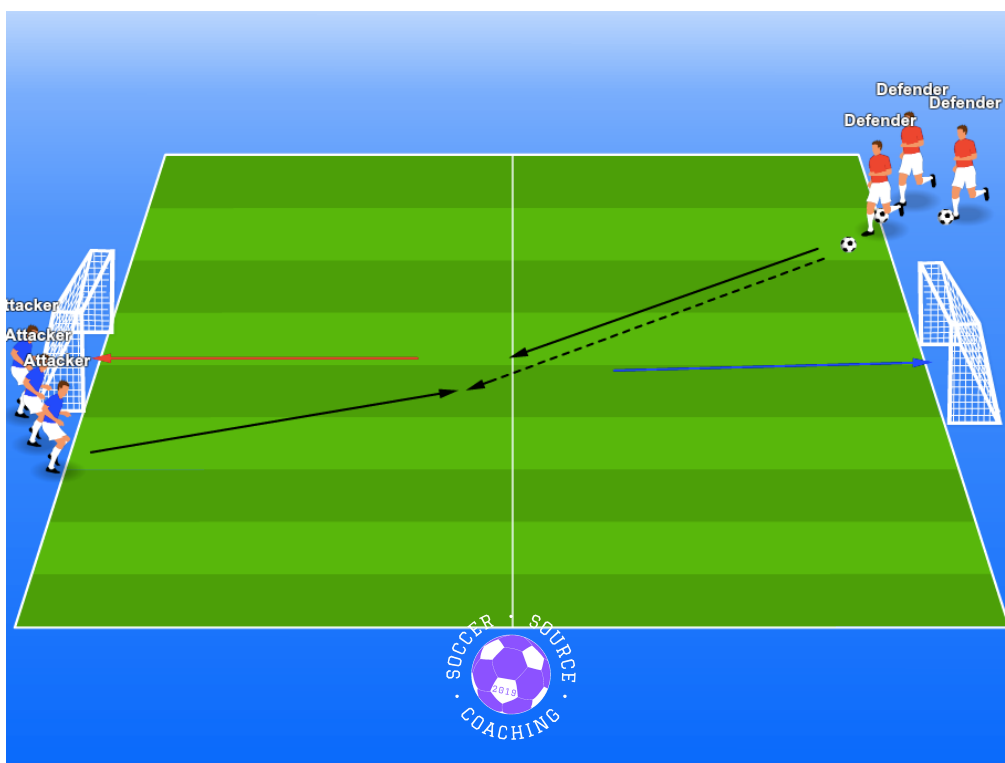

Use your body to protect the ball
Use a skill or a turn to create space for yourself
If you can't beat the defender, get yourself in a position where you are facing them.

Questions that lead to coaching points:

What can I use to stop the defender from getting the ball?
How can I create space for myself?
If I cannot beat the defender, what should I do next?

Progressions:

Add a time limit to the attacker so they have to play quicker

[Click here for the video](#)

1v1 Dribbling u10 soccer drill

Purpose:

This going to be the most game realistic, you can change where the attacking goal is placed so the attacker has to adjust and change their dribbling approach.

Set up:

Create a 10x15 area
 2 goals
 1 soccer ball per 2 players

Instructions:

Set up the goals opposite each other on the 10-yard lines and divide your players into attackers and defenders.

The defender will start with the ball behind their goal and pass to the attacker on the opposite side.

This will become a 1v1 with the attacker trying to score the goal, if they manage to score they will get 3 points.

If the defender steals the ball they can score in the opposite goal and receive 1 point.

Once the phase of play ends the next defender will pass the ball to the next attacker.

Coaching points:

Small touches when approaching the defender
 Quick skill with a change of direction to beat the defender
 Big touch into the space and accelerate away from the defender.

Questions that lead to coaching points:

What type of touches do I want as I approach the defender?
 How can I get past the defender?
 What should I do after I have performed my skill and change of direction?

[Click here for the video](#)

Simple First touch and passing u10 drill

Purpose:

This is to get lots of repetition of different types of first touches players can take and build a solid foundation for other passing drills.

Set up:

3 cones per pair
1 Soccer ball per pair

Instructions:

Set up your cones in a straight line roughly a yard in length and place your 2 soccer players on either side of the coned line.

The players must pass the ball to each other alternating from left to right however it must stay on the outside of the cones.

When a player receives the ball they must run parallel to the coned line and pass to their teammate on the other side.

Players can start by using the inside of their back foot to take the touch and pass.

Challenge players to control the pass and pass the soccer in as few touches as possible

Coaching points:

You should be side on when receiving the ball
Your chest should be facing the direction you want to take the touch
Stay light on your feet

Questions that can lead to coaching points:

How should you be standing when you're waiting to receive the ball?
Which way should I be facing?
What can I do to help easily adjust to a pass?

[Click here for the video](#)

Rondo passing square u10 soccer drill

Purpose:

The purpose of this is to get players to focus on their first touch and movement to help support the player on the ball.

Set up:

Create a 6x6 yard box
1 soccer ball per 4 players

Instructions:

Set up your square and divide your team into 1 defender and 3 attackers.

the 3 attackers must stay on the outside of the square and keep possession of the ball.

The only rule is that the player on the ball can only pass to the players standing on the left or right of him not opposite from him.

The defender must try and win the ball back if they do they swap with the attacker who lost the ball.

Coaching points:

You should receive the ball in an open-body position
Your first touch should take you away from the pressure
The player on the ball should always have 2 options

Questions that can lead to coaching points:

What is the best position to receive the ball? How? Why?
Where should my first touch take me?
If I don't have the ball what should I be thinking/doing?

Progressions:

Limit the number of touches
Make the area smaller.

[Click here for the video](#)

Receiving and passing on the back foot soccer drill

Purpose:

The purpose of this drill is to get a lot of repetition for creating an angle to receive the pass, receiving the ball in an open body position, using a backfoot touch, and playing a pass to a teammate.

Set up:

Create a 10x10 yard area
 1 soccer ball per 2 players
 8 players

Instructions:

After you have set up your area divide your players into 2 groups, 1 group on the inside and the other group spread out each on a different line.

The players on the outside will start with the ball.

The players on the inside will create an angle to receive the ball in an open body position and receive the ball on the back foot taking a touch into space.

They play a pass to a player who is free on the outside and look to receive a pass from a different player on the outside.

Ask players to keep track of how many times they received the ball and the player who received it the most will be the winner.

Coaching Points:

Check your shoulder before you create an angle
 Create an angle where you can see where the ball is being passed from and see the space you are going to move to (open body position)
 Receive the ball on the back foot and take a touch into the space.

Questions to ask that can lead to coaching points:

What should I do before creating an angle? why?
 What position should I get myself into to receive the ball?
 Where should my touch take me?

Progression:

1 of the players in the middle can hold a pinny and become a defender. If they successfully steal the ball they give the pinny to the player from who they stole the ball.

[Click here for the video](#)

Passing in pairs u10 soccer drill

Purpose:

This is to help give players a tactical understanding of passing and learn how to apply in-game scenarios.

Set up:

Create a 15x20 yard area divided into vertical thirds

2 goals

1 ball per 2 players

Instructions:

Divide your area into vertical thirds and place goals at either end of the area.

The players will work in pairs and have one ball between them, together they must try and score as many goals as they can.

Once they have scored one goal they will collect the ball and try to score in the other goal.

The only rule is that to move from section the ball must be passed between teammates and you can only score from the final third on the goal you are facing.

Coaching points:

Create an angle to receive the pass

The pass should be played in front of your teammate so they can run on it

Use your back foot to take a positive first touch into the space

Questions that can lead to coaching points:

How can we create an option for our teammate on the ball?

If you have the ball where should you place your pass to your teammate?

How should we receive the ball and where should we take our touch?

[Click here for the video](#)

Soccer shooting in pairs u10 soccer drill

Purpose:

The purpose of this shooting drill is to focus on the player's technique and accuracy using both feet.

Also more often than not most of the time spent in shooting drills is used collecting soccer balls, as players are standing opposite each other shooting at the goal in the middle players can easily collect the ball.

Set up:

Create a 15x20-yard area
Cones to create goals and gates within the goals
1 soccer ball per pair.

Instructions:

Set up goals with cones in the middle of the area going horizontally, they should be about 6 yards in width with cones placed a yard inside of the goal on each side.

The players will take turns shooting at the goal, if a player scores a goal in the larger middle gate they will get 1 point.

If the player manages to score in the smaller gates located in the corners they will get 3 points and if they manage to score with their weaker foot their points get doubled.

Set up a marker so they don't get too close to the goal.

Coaching points:

Use the laces or the inside of your foot
Aim for the corners
Standing foot should point toward the goal, level with the ball when you shoot it.

Questions that can lead to coaching points:

What part of the foot should we be using?
Where is the hardest part of the goal for the keeper to reach?
What position should my standing foot be in taking a shot?

Progressions:

Move the marker close to focus on accuracy with the inside of the foot
Move the marker further back to focus on power.

[Click here for the video](#)

Combination of u10 soccer shooting drill

Purpose:

This is to help players take a shot when the soccer ball is passed out in front of them to run onto. This shooting drill lets the players get lots of repetition and practice with different angles.

Set up:

Create a 15x20-yard area

1 goal

1 soccer ball per pair

Cones

Instructions:

Set up your goal in the middle of the 20-yard line with cones placed 1 yard inside to make gates.

Roughly 10 yards back from the goal make a line of cones (1 cone per pair of players) that runs parallel to the 20-yard line.

The players will need one soccer ball in the pair and they will stand facing opposite each other.

The player with their back to the goal will start with the ball and pass it to their partner, the partner will pass the ball in front of them to run on and take a shot at the goal.

If the player scores a goal they get 1 point, however, if they manage to score through the gates they will get 3 points.

Coaching points:

Aim for the corners

Use the inside of your foot for accuracy

Use both feet

Questions that can lead to coaching points:

Where you should be trying to aim?

What part of the foot can we use for accuracy?

Should I just be using my stronger foot

Progression:

When the player play has played the pass they can then apply pressure as a defender making a recovery run

[Click here for the video](#)
Shooting rotation u10 soccer drill

Purpose:

The purpose of these drills is to help improve players shooting and finishing when there is a goalkeeper.

Set up :

- 1 Goal
- Create a 15x20-yard area
- 1 soccer ball per player

Instructions:

Set up your goal in the middle of the 15-yard line with your players lining up behind a cone 15 yards away each with a soccer ball.

The first player will dribble and score a goal in an empty net.

As soon as the player has taken their shot they will become the goalkeeper and the next player will start dribbling towards the goal to try and score.

Regardless of whether the player who just shot scored or missed they will always become the goalkeeper.

Every time a player scores they get one point.

Coaching points:

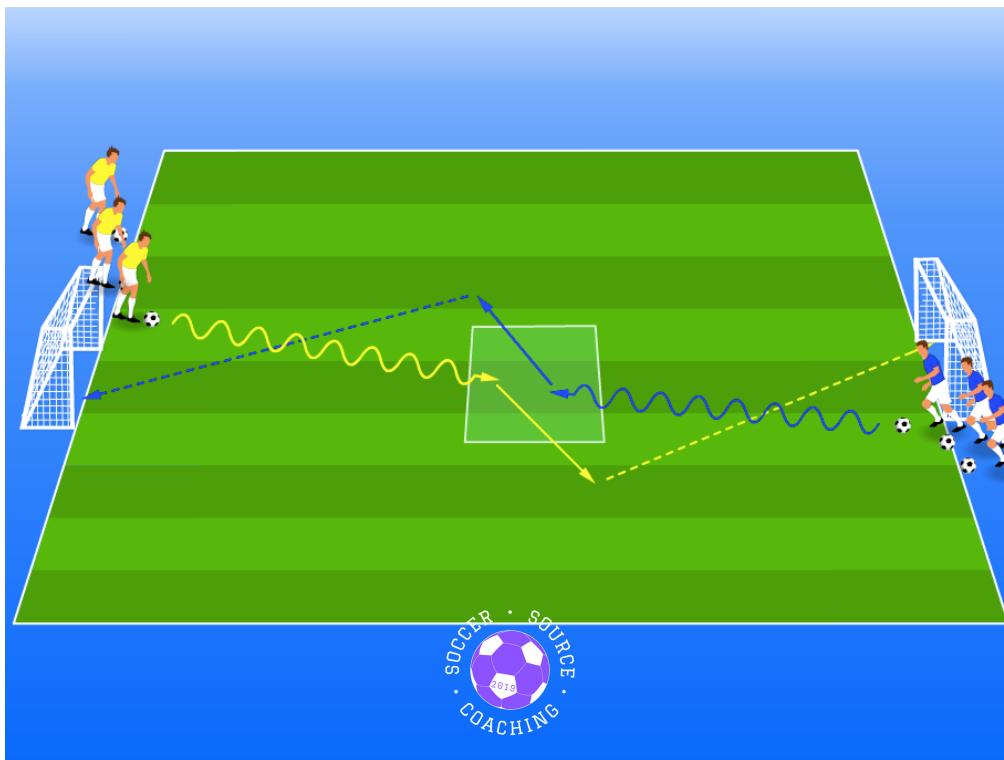

- Accelerate towards goal
- Small touches when you get closer to the goalkeeper
- Aim your shot in the corners
- Keep your head up

Questions that can lead to coaching points:

- If the goalkeeper is out of position do I want to go fast or slow?
- What kind of touches should I take I get closer to the keeper?
- Where should I be aiming my shot?
- How do I know where the keeper is?

Progression:

Change where the attackers start so they will have to think about beating the goalkeeper from a different angle

[Click here for the video](#)

Skill then Shoot u10 soccer drill

Purpose:

The purpose of this shooting soccer drill is to get players to perform skills to create space for them to shoot at a goal

Set up:

Create a 15x20-yard area
 2 goals
 4x4 yard square in the middle
 1 ball per player

Instructions:

Set up your 2 goals with cones a yard inside of each post opposite each other on the 15-yard lines and create your 4x4 yard box in the middle of the area.

Divide your players into 2 equal lines starting on either side of the goals with a soccer ball each.

The first player from each line dribbles into the square and first performs a skill that fakes to go to the left and takes them to the right.

Their touch should take them out of the right-hand side of the square

Once they have had their touch to the side they should shoot as early as possible aiming for the corners

If the player takes a shot and it goes through the gate they will get 3 points if they score a goal without doing this then they get 1 point.

Once they have had their shot they will collect their soccer ball and join the line next to the goal they had their shot on.

Coaching points:

The skill should be performed fast with a quick change of direction
 A big touch into the space to create the space for the shot
 Aim your shots towards the corners of the goal using the inside of your foot or the laces

Questions that can lead to coaching points:

What should our skill look like to get away from a defender?
 What can we do so we can take a shot as early as possible?
 Where should we be aiming our shots?

Progression:

Introduce a defender into the middle, if the defender wins the ball they score in either goal.

[Click here for the video](#)

Attacking 2v1 u10 soccer drill

Purpose:

This is an introduction to how you work together as a pair to score a goal, the pressure is not that high but it still allows players to be successful and also learn from their mistakes.

Set up:

Create a 15x20-yard area
1 large goal and 2 smaller goals
1 soccer ball per 3 players.

Instructions:

Create your area and set up a goal in the middle of the 15-yard line.

On the opposite line place 2 smaller goals in the corners.

The defenders will line up next to the large goal and pass the ball to the attackers who are waiting for the opposite.

Once the pass has been played the defender can pressure the attackers.

The attackers must work together to try and score in the large goal, if they score they will get one point.

However, if the defender wins the ball back they can score the 2 smaller goals and get 1 point.

As soon as the phase of play ends the next attackers and defenders can go.

Coaching points:

Create an option for your teammate out wide and in space
If you have the ball drive into the space
If you have the ball play a pass in front of your teammate

Questions that can lead to coaching points:

Where can you go to be an option for your teammate?
If you have the ball and see space in front of you what can you do?
When you pass to your team where should the pass be?

Progressions:

Make the area smaller
Add another defender

[Click here for the video](#)

Counterattacking in pairs u10 soccer drill

Purpose:

This helps encourage players to attack quickly and improve their decision-making on the ball.

Set up:

1 Goal and 2 smaller goals
15x20 yard area
1 soccer ball per pair

Instructions:

Create your area and set up a goal in the middle of the 15-yard line and line your players up in pairs on the opposite line with 1 soccer per pair.

The 2 small goals should be on this line in corners where the 20-yard line meets the 15-yard line.

The first pair will combine passes and score on an empty goal.

Once they have scored a goal or missed they will become the defending team and the next attacker team will go.

If the defenders win the ball they can score the 2 small goals.

But at the end of the phase of play, the attacking team will always become the defending team.

Coaching points:

Attack quickly
Be confident on the ball and drive into space
Don't let the defenders reorganize

Questions to ask that can lead to coaching points:

Do we want to attack fast or slow?
What can we do if we see space in front of us?
What happens if we let the defenders reorganize?

[Click here for the video](#)

Attacking combination passes u10 drill

Purpose:

The purpose of this soccer drill is to get players thinking 2 passes ahead and to try to anticipate the play, focusing on movement off the ball to support the attack.

Set up:

create a 15x20-yard area
2 goals
1 soccer ball per 3 players

Instructions:

After you have set up the area place the 2 goals opposite each other on the 2 15-yard lines and divide the area into vertical thirds.

Split your players into teams of three and give them one ball in their group.

They must work together to try and score as many goals as they can. Once they have scored 1 goal they must try and score a goal on the opposite end.

The only 2 rules are that to get from area to area the ball must be passed forward and all players must be involved in the phase of play that leads to a shot on goal.

The team that scores the most goals is the winner

Coaching points:

Use of the whole width of the area
Passes should be played in front of teammates
If you don't have the ball think about you can go to receive it

Questions that can lead to coaching points:

When we attack do we want to be spread out or close together?
Where should the passes be played to our teammates?
Where can you go to help support your teammate on the ball?

[Click here for the video](#)

Attacking from wide areas u10 drill

Purpose:

This soccer drill will help encourage players to get the ball and create opportunities to score from wide positions.

Set up:

Create a 15x20-yard area
1 large goal 2 small goals

1 ball per 5 players

Once you have set up your area create 2 channels 2 yards in that run parallel to the 20 yards lines. This will create 2 wide-area channels.

Set up a goal in the middle of the 15-yard line and 2 smaller goals on the opposite side in the corners.

This will be a 3 vs 2 in the attackers' favor with the defenders starting with the ball.

The defenders will start the phase of play by passing the ball to the attackers, the attackers must try and score in the large goal.

If the attackers manage to score a goal they will get 1 point, however, if they can receive the ball in either of the channels and score in that phase of play they will get 3 goals.

If the defenders win the ball back they can score in the 2 smaller goals for 1 point.

Coaching points:

Create angles for players in the wide-area to go forward and backward if you don't have the ball

Spread out and use the width of the area

As soon as you pass the ball you should be moving again to support the phase of play

Questions that can lead to coaching points:

Where can I go to help support the wide player on the ball?

Should we be close together or spread out when attacking?

As soon as I pass the ball what should I be thinking next?

[Click here for the video](#)

Defending 1v1 u10 drill

Purpose:

The purpose of this soccer drill is to help players control where the attacker goes and force them into a mistake.

Set up:

Create a 5x10-yard area

1 small goal

1 ball per pair

Instructions:

Set up your area and place a goal in the middle of one of the 5-yard lines.

The defender will start with the ball next to the goal and pass the ball to the attacker who will start on the opposite side.

The attacker must try and score a goal, if they do they will get 1 point.

If the defender can steal the ball and dribble past the line the attacker started on then they will get 3 points

If they force the soccer ball out of bounds the defender will get 1 point.

Coaching points:

Side-on body position with knees bent

1.5 yards away from the attacker at all times

Your body should be facing the direction you want to show the attacker.

Questions that can lead to coaching points:

What body position should we be in when we are defending 1v1?

How far away should I be from the attacker?

Where do I want to show the attacker and how I can do this?

[Click here for the video](#)

1v1 defending transition u10 soccer drill

Purpose:

This helps players react and organize quickly when they lose the ball or if there is a turnover in possession.

Set up:

create a 15x20-yard area
 1 goal
 1 soccer ball per player

Instructions:

Create your area and place the goal in the middle of the 15-yard line.

Divide your players into 2 teams and line up in the corners to the opposite side of the goal.

Each player will have a soccer ball.

A player from one of the lines will start and score on an empty goal, as soon as the player has taken their shot they will become the defender for the player from the next line.

As soon as the defender wins the ball, a shot is taken or the ball goes out of bounds the attacker will become the defender.

The team that scored the most goals will be the winner.

Coaching points:

Pressure quick
 Show the attacker away from the goal
 Don't Dive in
 Questions that can lead to coaching points:

Do we want to give the attacker time and space?
 Where do we want to show the attacker?
 What happens if I dive in?

Progression:

Make the area smaller so it becomes easier for the defender or makes the area larger so it's harder for the defender.

[Click here for the video](#)

Defending in pairs u10 drill

Purpose:

This is to help give players a better understanding of how to work in pairs, deciding who pressures and who covers.

Set up:

Create a 15x20-yard area
 3 goals
 1 soccer ball per 4 players

Instructions:

After you have created your area set up a goal on the 15-yard line and 2 goals in the corner of the opposite 15-yard line.

The defenders will start on the side with one goal with a soccer ball and begin by passing the ball to the attackers.

The attackers must try and score a single goal, if they do they will get 1 point.

However, if the defenders can steal the ball and score in either of the opposing 2 goals they will get 3 points.

If they steal the ball and it goes out of bounds they will get 1 point.

Coaching points:

The defender closest to the attacker with the ball will pressure them
 The other defender will cover behind the player cover.
 Communicate.

Questions that can lead to coaching points:

which player should pressure the attacker?
 If you are not pressuring the attacker where should you be?
 How can you make it easier as a pair to stay organized?

[Click here for the video](#)

Defending as a 3 u10 drill

Purpose:

This can be used to build on the previous soccer defending drill and this would be more game realistic.

Set up:

Create a 20x25-yard area
 1 soccer ball per 6 players
 1 large goal 3 small goals

Instructions:

Set up your area and place the large goal in the middle of the 20-yard line and 3 goals on the opposite 20-yard line with one in the middle and 1 in either of the corners.

The defending team will set up as 2 defenders and a center midfielder and the attacking team will set up as 1 striker, a right midfielder, and a left midfielder

The defending will start with the ball next to the single goal and pass the ball to the attackers.

The attackers must try and score in a single goal, if they do then they will get 1 point.

If the defenders manage to steal the ball and score the opposing 3 goals they will get 3 points, if they manage to steal the ball and it goes out of bounds they will only get 1 point.

The defenders will always start with the ball when the ball goes out of bounds.

Coaching points:

Force the attackers away from the goal
 The defender closest to the attacker with the ball pressures.
 Communicate

Questions that lead to coaching points:

Where should you be showing the attackers?
 Who pressures the attacker with the ball?
 How can you effectively stay organized?
